

## Maximum flexibility, minimum space

- Up to 16 prints per minute
- 3 second transmission speed
- Scan speeds from 6 to 1.5 seconds
- Standard memory from 2 to 5 MB
- Up to 72 hours memory back-up
- User friendly – simply install and go
- Compact design saves space and reduces costs
- Added print and scan functionality (IF 3035 and IF 3050) with scanning in black & white or colour

## Versatile and economical

Quality, speed and flexibility – the new IF 3030, IF 3035 and IF 3050 laser fax systems are compact, user-friendly solutions for the modern working environment.

### Compact and easy to use

Specifically designed for small businesses, the desktop or the home office, these powerful laser fax machines combine the best of all worlds – fax, copy or print, and scan in either black & white or colour.

Whether faxing or copying, the IF 3030, IF 3035 and IF 3050 deliver professional results every time and can handle several jobs at once. Large documents can be scanned into the system memory in one batch using the document feeder – in just 3 seconds per page – and simply faxed at the touch of a button. Alternatively, your scanned documents can be copied at speeds of up to 16 pages per minute.

### Features and functions for every day use

With a standard paper supply of 250 sheets, the IF 3030, IF 3035 and IF 3050 offer plenty of capacity for day-to-day use. For larger requirements the IF 3050 has an optional 250 sheet paper cartridge. What's more, the easy-to-change, all-in-one toner cartridge makes light work of replacing consumables.

For added printing and black & white scanning functionality choose the IF 3035 or opt for printing and colour scanning with the IF 3050.

IF 3030, IF 3035 and IF 3050 – versatility for your working environment.
